Bicycle/Pedestrian Path Detour Alert

The current bicycle/pedestrian path in front of the World Financial Center/Winter Garden adjacent to West Street/Route 9A will be detoured. The detour will direct bicyclists and pedestrians to the Esplanade behind the World Financial Center between Vesey Street and Albany Street. This will allow work for the World Trade Center construction site to continue. The existing bicycle/pedestrian path in front of the World Financial Center will close on Monday, December 6th.
